

GENERAL ELECTION 2010

Dear Local Resident

This is the most important General Election in years. The time has come for change in the Country and change here in North Somerset. The Country is calling out for clean politics for the people. If you vote Lib Dem this year we will have real change for the best. The Conservatives and New Labour after them, have destroyed much of our manufacturing industry, encouraged personal debt and abused the financial system with the inevitable result, the **Crash**.

In contrast the Liberal Democrats have Nick Clegg, Vince Cable and a formidable team who know how they will deal with the Country's problems. Here in North Somerset the Lib Dems came a close second at the last general election. We can win this time, but to do so I need your support. If you have voted Labour, Green or have not voted in the past, come on board, this is only going to happen with your backing.

If all those who believe in a free, fair, and green Britain, can unite under the Lib Dem Banner, we will make a real change from the Tories for the first time in North Somerset since 1929. So make sure you use your vote at this election and be a part of Making History Happen.

**Lets Beat the Blues together
and Go for Gold!**

BRIAN MATHEW for North Somerset

Brian Mathew has had a life outside politics as a humanitarian aid worker and engineer. He has been posted to a number of the World's trouble spots and now wants to do his bit for Britain.

Educated in Somerset, Brian has a PhD and is a qualified engineer, health education and livelihoods specialist. He has served with WaterAid as Country Representative in Tanzania as well as with DFID, the British Government's Aid Programme in Zimbabwe.

Brian joined the Liberal Democrats after winning a place at the Liberal Summer School in 1988. He has written a number of policies for the Party on International Justice, Overseas Development, Tax and Sport.

At the end of 2006 he became the Lib Dem Candidate for North Somerset, and has spent much time knocking on doors to hear first hand what householders want done in the constituency.
